Montessori Methods Manifest in Moppet Minds

Kinder Garden School, Blue Ash is proud to announce a Montessori Information Night to be held on September 16, 2010. This event is an opportunity for current families enrolled in the Montessori classes as well as prospective parents within and outside of the Kinder Garden School community to come and learn more about Maria Montessori's theory and how it is incorporated into the Kinder Garden School curriculum. Kinder Garden School, West Chester will also have an information night to be held on September 15, 2010.

The Montessori Theory incorporates cognitive, social, emotional and physical aspects in each area of its curriculum. The philosophy of Montessori develops concentration which ultimately leads to the satisfaction, contentment and joy of the children as they feel like they are an intricate part of the daily routines completed in the classroom. Children are encouraged to explore, touch and learn without fear, thus stimulating a lifelong love of learning. This provides children with self-control and discipline, eye-hand coordination, logical and sequential thinking.

Kinder Garden School offers a healthy balance of Montessori with traditional curricula to effectively meet the needs of all students. Each lead teacher has her certification through the American Montessori Society. The schools provide formative encouragement and knowledge with enlightenment as the unwavering mission. With this in mind, the Montessori theory of teaching fits ideally with the philosophy of the founders.

Kinder Garden School is a family organization with locations in Blue Ash and West Chester. In addition to its rich curriculum, Kinder Garden School also offers web-cams in every classroom which grant 24-7 access through their password-protected website. Kinder Garden School offers below state ratios and teaches children ages 6 weeks through school age. If you would like more information about programs and curricula, visit www.kindergardenschool.com or call 513-791-4300 to set up a tour.

Kinder Garden School is devoted to growing a child's wish to flourish and learn by cultivating curiosity and problem-solving proficiency in a fully supportive, fertile, fun setting. **ENLIGHTENMENT IS OUR MISSION.**
